## Sun Tunnel Skylights®

## Brighten Up Your Home

- Installs in a few hours

# Complete Roof-to-Ceiling Daylighting System

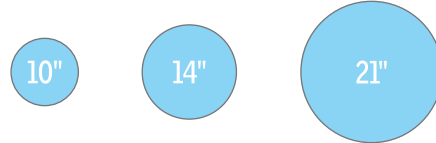

## Quick & Easy to Install An Ideal Reno Project!

### Sun Tunnel Skylights® are Perfect for

- Hallways
- Bathrooms
- Laundry rooms
- Stairways
- Entrance Ways
- Closets

### Available Sizes

### Features & Benefits

- Attractive exterior appearance. Low profile version parallels slope of roof.
- Attractive interior appearance. Dual frosted diffuser provides even light distribution, pre-venting hot spots.
- Paint-able interior mat ceiling ring.
- Rubber gasket seal at the ceiling minimizes heat loss and eliminates condensation.
- Thermal break at the ceiling eliminates need for insulating the tunnel.
- 10 year warranty against manufacturer's defects, rust corrosion and deterioration.
- An energy efficient source of light.
- Exterior flat glass option available. Call for details.
- Tile kits available for high profile roofing material.

## How to Choose Your Sun Tunnel Skylight®:

### 1 - Consider Roof Orientation

- Pitched model (all exposures).
- Low profile model (South exposure only).

### 2 - Choose Tunnel Type

- **Rigid** : For straight runs and moderate bends. Maximum light output.
- **Flexible** : Easily bends around attic obstructions.

### 3 - Choose Sun Tunnel Size & Quantity

- 10", 14" or 21".
- Consider truss/rafter spacing.
- Consider room size and light requirements.

\*\* VELUX Sun Tunnel is proven to retain reflectivity over time.

## Why VELUX?

### Credibility

- With 65 years of experience, VELUX is ranked #1 among consumers, professional architects and renovators.

### Quality

- Best engineered skylights, absolutely watertight.

### Green

- Contributing to green building by reducing the need for electricity and using environmentally sound manufacturing processes.

## Natural Daylight

The VELUX Sun Tunnel Skylight® is an ideal solution for bringing natural light into smaller rooms such as hallways, bathrooms, kitchens, and walk-in closets. Any room that would benefit from natural light, but does not require ventilation or a view to the outside. Save on energy bills, and give your home a healthy, more inviting feeling throughout the day.

## Optional Light Kit

Turn the Sun Tunnel Skylight® into a light source at night. This optional light kit adds another dimension to a Sun Tunnels' use and is ready for wiring into a standard junction box.
